## Hi! Welcome to our Catalog!

**We need your suggestions, if you find an improvement please let us know.**

Meet the crew! They are a lively bunch!  
Jonathan - Owner & Founder.  
Leroy - Owner. Marketing and paperwork.  
Christ - Owner. Custom mfg  
Elias - Custom mfg,  
Barb - Phone calls, shipping, store.  
John David - Shipping, sales.  
Rufus - Strap cutting  
Becky - Accounting.  
Christ Beiler, Abner, Alvin - mfging  
Michelle - Driver

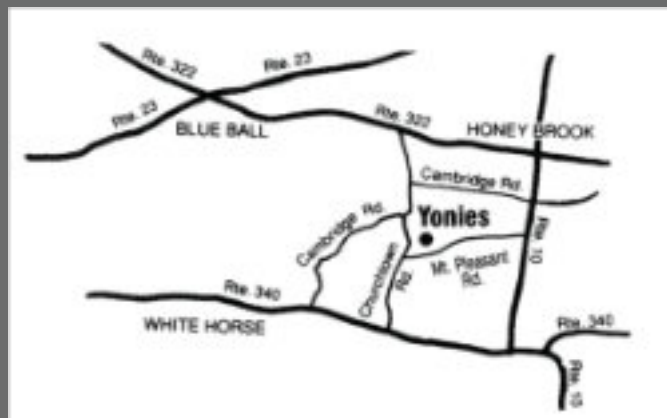

And many thanks to our sub-shops!  
Amos, John B's, Stevie, Ivan, Sam, Ben Y's + More!

**HAVE A BLESSED YEAR!**

THE YONIES TEAM

## We have renovated, stop in anytime!

Feel free to stop in anytime!  
Located just off of 340 and 322, close to New Holland, Intercourse, Bird-in-hand, and Gap!

### ABOUT YONIES...

Yonies Harness Shop is a family-owned business based in the rolling hills of Eastern Lancaster County in Honey Brook, Pennsylvania.

### PURPOSE

Yonies manufactures synthetic harness and tack products to the Amish and Mennonite communities as well as the Harness Racing and Pleasure/Combined Driving communities throughout the world.

### EARLY HISTORY

A young boy born into the Daniel Stoltzfus family was blessed to have 2 sisters and 7 brothers. Jonathon was chosen at the age of 12 to help his older sister sew buttons onto his and all his brothers pants, shirts and coats. As the years went by Jonathon began to like sewing so much that he found other ways to satisfy his interest and started producing Amish buggy harnesses. Jonathon soon decided to turn his new endeavor into a business and Yonies Harness Shop was established in 1992.

### WHY YONIES?

Thank you for asking! Yonie is derived from the Hebrew language of Yoni pronounced (YOH nee) which is short for Yehonatan pronounced (yeh ho NAT an). Yehonatan is the Hebrew form of the popular name Jonathan. So we can see that the short English and Amish name for Yonie is John and long form is Jonathon. Yonie is the nickname for John or Jonathon similar to Bob for Robert and Bill for William. The founder of Yonies Harness shop is Yonie Stoltzfus in Pennsylvania Dutch language or John or Jonathon Stoltzfus in English.

Yonies started in 1992, and added its first employee in 1995. Yonies business mainly grew by word of mouth from various individuals who used and appreciated our products. We are very grateful for everyone that has recommended us over the years, and helped us get here!

### LIFESTYLE

A unique combination of traditional and modern lifestyles is common in our area where horse and carriages interact with cars and trucks on the streets. Lancaster County is internationally known for its skilled artisans, impeccable craftsmanship, and dedicated work ethic. We aim to carry on that tradition by producing the highest quality synthetic harnesses and tack on the market today.

### OFF-GRID

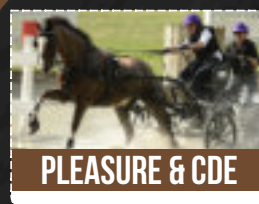

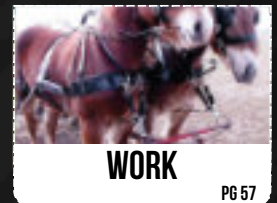

Yonies manufacturing shop is completely independent of the electrical grid. We create all the power we use. Additionally, the majority of our team members live near the shop so they walk, or use their scooters to go to work. Others that live a distance from the shop do carpool with a driver. It is a place where craftsmen can work at their trade and still watch their neighbors as they work in the fields, planting, cultivating and finally harvesting the crops of corn and hay, seeing the beauty of nature and drawing inspiration for their work.

### GROWTH

The Lord has blessed us beyond measure, we give him the credit! Yonies has grown from a tiny home based shop to a (still small) worldwide business in 30+ years (since 1992). We are still on the farm and enjoy God's creation through our windows everyday! We are blessed with work and have been able to provide local families with work from home. We can design, manufacture and produce (nearly) anything to do with Harnesses. Give us a call today!

\* Old style Straight/Average V Breast Collars are still available by special order

## PRICE SHOPPING?

Our Harnesses include: Backers, Both Bits, Chokestrap and Martingale (\$80+ value)

SEE PAGE 18  
FOR PAD COLORS

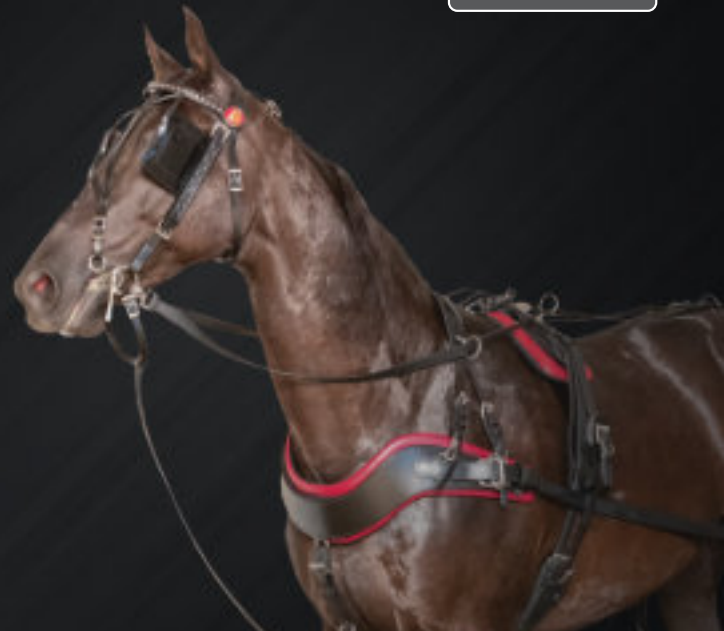

# ROAD HARNESS

## Includes:

- Bridle, lines, complete harness
- Shaped Crown! Shaped Hipstrap!
- Includes both Snaffle Bit and Overcheck Bit
- Includes Holdbacks, Martingale, and chokestrap
- Elastic Bellyband
- Pads are extra, page 18
- More options on following pages, your imagination is the limit!

Add Reflective to your harness, check out page 8

Choose your finish on the Harness 101 (Shiny) or 281 (Leather Look),  
Stainless steel hardware is included. We also do Black hardware for an up charge.

# DELUXE ROAD HARNESS

## DELUXE ROAD HARNESS INCLUDES:

Sewn padding with colored edge on saddle, breast, and breeching.

Includes shaped crown, backing straps (holdbacks), snaffle and overcheck bits, lines, #2153 bridle, neoprene girth.

- Semi-gloss finish. Easy to clean, and has a nice look
- Doesn't show specks of dirt as soon as the shiny finish
- All deluxe road harnesses made in 281

Starting price with Deep V Breast (Q.R. model #3701) - **\$1295**

Starting price with Black SS Harness (#3702) **\$1140**

## FEATURES...

### Padded Saddle

This comes from the "English" driving community. We have made a similar saddle for 15+ years and only recently realized there is a need for this in our local community.

- Padding is all the way down to spread out the pressure instead of putting it all on the back
- New Saddle design has a medium gully in the top for the horse's spine. High gully available by request

Included on Road Plus Harness

#3736 **\$345**

### Double Hipstrap

Holds the breeching level, doesn't sag like some of the single strap hipstraps do.

- Dee Rings let it "float" more easily
- Built-in padding so you don't need an extra pad

Standard on Road Plus Harness

#2076 **\$25**

### Padded Breastcollar

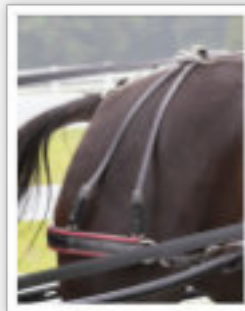

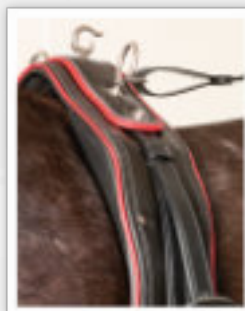

Standard on Road Plus Harness

#3725 **\$390**

### Padded Breeching

Standard on Road Plus Harness

#3740 **\$128**

### Neoprene Girth w/elastic insides

- For comfort: the neoprene cover helps the colts and horses with "thin skin"
- Standard on Road Plus Harness

24" buckle tip to tip is standard for Road Harness, #6536 -24" **\$59**

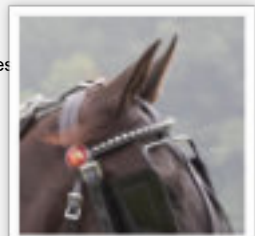

### Quick Hitch Bridle #2153 - \$184

- Standard with Deluxe Road Harness
- A classier bridle, blinkers are smaller to get a showy look
- Choice of ornaments on Blinkers: Diamond, Heart, Texas Star Rosettes or Horseshoe w/Horse Head

### Shaped Crown

Fits to the horse's ears for increased comfort.

### Wide Girth #6535 \$100

Using a wide girth helps to spread out the pressure on the girth. Recommended by Chiropractors.

# BRIDLES

## OVERCHECK

Standard on Driving Harnesses  
Double Rein included.

**Bridle #2150**

**\$184**

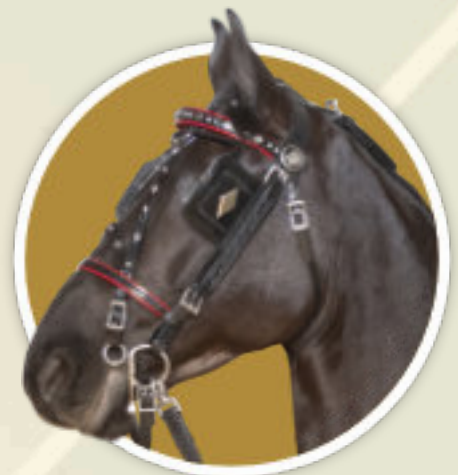

## QUICKHITCH -PLAIN

Standard on Road Plus & Quick hitch  
Cob cups for a showy look  
Single Rein with snap  
Plain: no ornaments on blinds

**Bridle #2157**

**\$176**

## QUICKHITCH

Standard on Road Plus & Quick hitch  
Cob cups for a showy look  
Single Rein with snap  
Includes ornaments on blinds  
Extras: added spots/diamonds on face pc  
Martingale not included

**Bridle #2153**

**\$184**

## CUSTOM

Open Cheeks w/punchouts  
White Trim on cheeks  
White trim on brow/nose  
Hex spots on brow  
Half noseband

## PAPPY

Side Check  
Plain Brow and rosettes

**Bridle #2151**

**\$180**

## COMBINATION

Has both side and overcheck

**Bridle #2152**

**\$206**

## DELUXE SIDE CHECK

**Bridle #2158**

**\$270**

Chiropractors tell us that reining a horse up with an overcheck can be harmful if you check up too hard (it will actually hurt their top-line muscles). Overchecks pull the nose up and out. Sidecheck bridles let the horse tuck-in their nose. Designed by a local trainer - he wanted a bridle that didn't look like a "pappy" bridle!

- This style sidecheck is used with the "pleasure driving" community
- Built-in nose band with "hanger" straps
- Padded nose and brow for comfort and class
- Recommended by Chiropractors
- Available with harness, or separately
- Choice of colored padding
- Available with ornaments on the blinds and on teardrop - Standard is without any ornaments

## LOOKING FOR A BETTER HARNESS FOR YOUR HORSE?

### THIS NEW PADDED SADDLE IS DESIGNED FOR YOUR HORSE!

(SEE PAGE 5 FOR COMPLETE HARNESS DETAILS)

*Designed with experience in working for the "English" Driving community, this model is designed with built-in padding to spread out the weight of the saddle. Has a built in "gulley" for spine relief. Available with Extra deep gulley by request. Made with nice colored edges for the "showy" look, this is also available with black edges for a "Pappy-style" harness. We now recommend a thin pad, as saddles move back/forth as you use them, and you cannot get away from that. A thin pad helps absorb the "wiggle".*

- TAKES PRESSURE OFF OF THE SPINE
- BUILT IN PADDING - SOME HORSES STILL NEED A THIN PAD

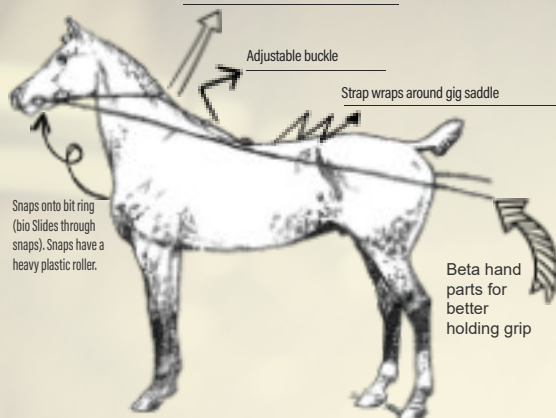

- SPREADS THE WEIGHT OF THE SADDLE ALL THE WAY DOWN INSTEAD OF JUST AT THE TOP
- CALL FOR AVAILABLE COLORS.

# PULLEYS & POWER LINES

## Power Drive

Cross piece puts pressure on neck when horse holds hard

Power Drive Lines with Black or Stainless Steel Hardware

#2088

\$85

## Long pulley lines go back to shafts

## Snap with Square and Roller

#2090

\$26 a set

Large square lets you pass the front ends of your lines thru easily. You can quickly convert to average lines - also, with these you can sometimes use your average length lines (unless they have long neck)

We also have a shorter model for horses that tuck their head in very far.

### 2 LENGTHS AVAILABLE:

Long (for horses with long necks)  
**10" length overall**

Short (for horses with short necks)  
**6" length overall**

## Long Pulley Lines - to go back to shafts

#2578 Long Line shaft setup \$77

4' Extra Long lines, Rings for at shaftloop, and nylon w/rings for on the shaftloops.

Lighter than the #2103 shaft adapters. We sell a lot of these. Pulleys sold separately (see #2090)

## SHOULD I USE PULLEYS OR POWER DRIVES?

**POWER DRIVES:** FOR HORSES THAT GET "HOT" OR LUGGERS THAT WON'T QUIT.

**PULLEYS TO SADDLE:** FOR HORSE THAT OCCASIONALLY HOLDS HARD.

**PULLEYS TO THE SHAFTS:** FOR A HORSE THAT HOLDS HARD MOST OF THE TIME.

## PULLING POWER:

**PULLEYS TO SADDLE:** YOU PULL THE CARRIAGE

**PULLEYS TO SHAFTS:** YOU PULL PART, AND THE CARRIAGE PULLS THE OTHER PART

## Saddle Straps to use with Pulleys

#2095

\$8 a set

For the horse that needs Pulleys but you don't want to fasten the lines back to the harness — you can now use this set up to fasten the lines to the shafts.

## Shaft Strap for Pulleys

#2103 To be Discontinued? \$62

We still stock these, but are now recommending the Extra long pulley lines instead (less weight)

#2062 \$385

Padded with QR  
(built-in padding, extra  
colored edge)

#2591 \$545

## Pulling Power of Euro collars:

Breastcollar pulling power: 18 sq inches (3"x3" times 2)

Euro Collar pulling power: 42 sq inches (same plus up the sides)

Collar and Hames pulling power: 65 sq inches (from shoulder, up the neck)

\*\* Pulling power for Horse size - based on our observations.

\*Euro collars have Side opening (QR) due to better comfort for the horse.

Rentals: try it a few days and return it, there is a \$30 "rental" fee.

Not to be used heavily, just pay \$30 plus shipping.

\$15 Cleaning fee if returned dirty.

(goes to bellyband)

#2024 **\$17.<sup>50</sup>**

Yoke Eye

#2196 **\$36**

### EAR PLUGS

#10543 **\$17.50**

On the race track, these ear plugs pull out once they are on the homestretch, so the horse can hear the crowd and the other horses coming up behind him, which makes him pick up speed. The ear plugs come with a long string that you can run back to the carriage, and will come out of the horse's ear if you pull on the string.

You can tie the short string to the horse bridle in case they fall out.

# JOGGING

Jogging Harness & Bridle	#6503	\$615
Jogging Harness - No Bridle	#6503	\$431
Hitch Bridle Only	#2153	\$184

## FINE SHOW HARNESS AND BRIDLE

### BRIDLE OVERCHECK STYLE

### BRIDLE SIDECHECK STYLE

### TRACES

### HARNESS

### REINS

## A FINE SHOW HARNESS FOR THE SHOW RING

Available in shiny Biothane for a patent look, or semi - gloss with embossing for a dressed leather look. The Hardware is stainless steel. For colored trim, see below for pricing. Reins (Lines) are 3/4" wide, black beta with buckles at the bit. No snaps unless requested. Other width lines available upon request. Shaft loops are french tug style. 3-ring Martingale is not included.

*Shown with options: Hex spots on Brow band, colored Trim everywhere, and TE521 beta trim.*

### Add colored trim:

Brow	\$8	Nose	\$8	Saddle	\$25
Breastcollar	\$25	Turnback	\$10		

Show Harness with overcheck bridle  
#7775 **\$815**

Bridle Only - overcheck style  
#7781 **\$190**

Show Harness with sidecheck bridle  
#7776 **\$890**

Bridle Only - sidecheck style  
#7779 **\$270**

Overcheck Bridle comes with half cheek snaffle bit and overcheck bit. Hexagon spots on the brow band. A noseband is a half nose, which goes just across the front of the nose. Brow and nose are not padded. The Overcheck going to saddle has just one strap, which adjusts with a conway and ends with a snap. No tear drop unless requested. Rosettes are stainless steel with a horsehead on, and a rope design along the edge.

Side Check Bridle includes a half cheek snaffle bit, show chain on browband and a full noseband band with 2 buckles. Noseband and browband are padded. Tear drop is included. Rosettes are stainless steel with a rope design along the edge.

### Roadster Harness

Designed for the show ring. Lighter/finer than the Fine Show Harness. Originally designed for the Morgan Roadster Class but has also been used for other breeds in the last few years.

3 Ring Martingale

Any vinyl color available, white & maroon are usually in stock

**\$1040**

## IS YOUR HORSE A "KNEE KNOCKER"?

Buxton style knee spreader helps to widen the horse's gait so they don't hit their knees as hard. One strap goes on each side of neck, bottom piece goes between the legs and fastens to the shafts or up to the harness.

- Can be used on either side
- Easy to put on and easy to adjust Rubber ring for comfort
- Adjust for your horse's needs.
- Not every horse will have the same results.

# BITLESS BRIDLE KIT

For a horse that doesn't like a bit in the mouth. If you go to hitch up and the horse is chomping angrily on the bit with saliva going all over the place, then I would try this!

These bitless are added to your existing bridle.

Basic instruction manual is included.

Rent this kit for \$12/month  
\$10 cleaning fee if not clean.

WHICH BIT DO I NEED FOR MY HORSE? WE HEAR THIS QUESTION QUITE A BIT, AND THERE IS NO CORRECT ANSWER. IT'S ABOUT LIKE TRYING ON SHOES, YOU NEED TO TRY A FEW TILL YOU FIND ONE THAT WORKS FOR YOU

WE'VE RATED THE FOLLOWING BITS AND MADE A FEW SUGGESTIONS, BUT IT ALL COMES DOWN TO WHAT YOUR HORSE LIKES

## GENTLE

KNOWN AS A BIT MADE FOR "COMFORT"

## AVERAGE

YOUR AVERAGE BIT (SNAFFLE, MULLEN, ETC.)

## LEVERAGE

A THESE BITS ARE DESIGNED WITH LOTS OF LEVERAGE POINTS (LIVERPOOLS, BUTTERFLYS, ETC.). ASK YOUR TRAINER FOR HELP.

## SEVERE

FOR CORRECTIVE ACTION. USE CAREFULLY

## VERY SEVERE

FOR HEAVY CORRECTIVE ACTION, USE CAREFULLY

## CAUTION

YOU CAN CAUSE LOTS OF DAMAGE WITH THIS BIT. USE SPARINGLY.

### Plain or Smooth Cheek

Mildest setting. The bit is pulled back and up into the mouth. Curb chain is not engaged.

### Rough Cheek

Allows a light curb action while the bit is pulled back in the mouth.

### First Slot

Provides moderate curb action as well as poll pressure

### Second Slot or Middle Slot

Gives increased leverage! Pulls the bit down in the mouth so that the tongue and lower jaw are pinched between the mouthpiece and the curb chain. Increased Poll and curb pressure.

### Third Slot or Bottom Slot

Exerts maximum poll and curb pressure. This severe rein setting should be used only as a last resort in a crisis. It is also known as "Dead Man's Slot" because if you are in the bottom slot you have no where else to go! More training is advised.

NOTE: The tighter the curb chain, the less time your horse has to react. Loosening the chain will allow a longer response time. A well trained horse will feel the bit move before pressure is put on the chain (if chain is loose). A rule of thumb is to leave two fingers inside the chain when first adjusting, change as needed. DO NOT use a liverpool without a chain! One of the main concerns with starting a young horse is to make them want to seek the bit. Contact with the bit becomes their comfort zone. They are safe and know what to do as long as they have that contact. A severe bit destroys the relationship with the bit before it ever has a chance to get in the horse's mind. A driving horse must have a good relationship with the bit. Safe driving!

## EXPERIMENTATION OF HAARLEM OIL ON HORSES APPETITE AT VAUPTAIN STUD FARM

The experiment was done in February and April 1981 on a number of saddle horses (racehorses) at Vauptain in France (Belgium). Of a total of 17 nine and two years old foals treated with Genuine Haarlem Oil for the first time, from the first day 15 of them did not have any difficulty to take 10 cc of Haarlem Oil in the intake with a mixing of about 6 liters of oats + fat barley. Two of them had started to lick their trough after 48h. The following treatment did not cause any appetite problem.

Of a total of 64 adults of all ages, around fifty of them who were for the first time treated with Haarlem Oil, ~5 of them took five days to get used to it. The following treatment, only one horse had an appetite problem for a day.

### The Ideal Supply of Sulphur for your Horse:

Essential sulfured substances to the good functioning of the body.

Our experience shows that in those particular disorders, Our results can vary a great deal depending on the age of the horse and the degree of inflammation.

#### Bronchitis and pulmonary disorders:

10ml per day orally or mix in the feed for 14 consecutive days, Repeat treatment if necessary, then 10 ml per week.

#### Gastroenteritis:

10ml per day orally or mix in the feed for 10 consecutive days, then 10ml per week.

#### Muscular troubles:

10ml per day orally or mix in the feed for 10 consecutive days, then 10ml per week. Repeat treatment after 4 weeks if problem persists.

#### Toxin elimination:

10ml per day orally or mix in the feed for 10 consecutive days, preferably after training or racing, then 10ml per week. If the problems are still present, continue with 10ml 2 or 3 times a week for 3 months, then, 10ml per week.

#### Arthritis and Rheumatism:

10ml per day orally or mix in the feed for 20 consecutive days, then 10ml per week. Repeat treatment every 3 months if necessary. (Genuine Haarlem Oil)

### WHAT IS THE OIL'S EFFECT ON YOUR HORSES?

Oil's Effect on your Horses: Perhaps, you've always been wishing that your horse will be endlessly in good shape. But truthfully, they're just like us. They also get tired and sick. Their bodies also need the right care. Luckily, that perfect care can be found in Haarlem oil which just gives everything that you need for your horse.

Knowing Genuine Haarlem Oil, having sulfur, pine turpentine, and linseed oil, it reached its optimum assistance to thousands of horse trainers, veterinarians, and horse enthusiasts all over the world. It keeps its great records in providing the best possible care and remedies to horses' various diseases.

Generally, the three components in Haarlem oil, help in the elimination of toxins in the horse's lungs and intestines. It simply helps in treating and maintaining a range of conditions, for the horse's body uses sulfur in the lungs to turn oxygen from an enemy to a friend. The Sulfur found in the oil also fine tunes the body's efficiency and energy, making your horse available for its long-day performance. Sulfur even contributes in maintaining flexibility and strength for the entire cells of your horse.

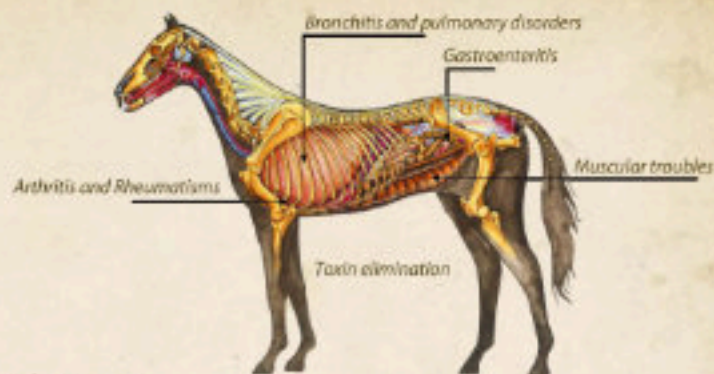

This is possible through the Haarlem oil's usage of S.O.D. that repairs the horse's damaged cells and assist in body detoxification. Also, with its polyvalent capacity, here are its further extraordinary effects to your horses:

It increases the body's resistance from different illnesses. The horse's body becomes safe from various diseases, since the product guards against the propagation of intestinal parasites and eventually eliminates them. These intestinal parasites are known to be a major cause of colic.

Your horse can readily fight antibiotic resistance and if it already suffers from arthritis, Haarlem oil contributes to the final cure. Since Haarlem oil has a general de-lirig effect on horses, they will always be ready for the strenuous activities for your upcoming competition. This adds to your chances of winning the race.

Genuine Haarlem Oil has everything it takes to help you in giving the best care and remedy that your horses need. From prevention up to cure, one should never miss the chance to use Haarlem oil.

## Haarlem Oil, for the health and wellbeing of your horse

### Maintenance

10ml per week preferably after any effort (race, training)

If any problems: 10ml per day during 10 days.

It is advisable to do two treatments per year (10 ml during 10 day) in order to keep the horse in good condition.

Although Genuine Haarlem Oil has a very unpleasant taste for men, horses accept that product very easily. It is possible to administer this product with a syringe in the mouth. Mixed with food (oats and granules). Genuine Haarlem Oil is appreciated by the horse.

Sulphur enters in the First Barrier for the Protection of tissues against noxious action and destructive free Radical. Generated by the Inflammatory Processes through the Glutathione. This action is reinforced in Haarlem Oil with the presence of turpentine essence known for its antiseptic action.

Sulfur through the Glutathione protects Vitamin C at the suprarenal level and this could explain partly the observed anti-inflammatory action (more efficient elaboration of vitamin C).

Organic and Colloidal Sulphur (Contained in Haarlem Oil) plays an important part as Secretion Regulator (Mucus). The Turpentine essence already mentioned is known for its Pulmonary Antiseptic properties, action that the presence of sulfur potentializes.

10ml per day during 10 days, as a generator supply. (twice a year) or 10ml after each race for recovery or 10ml every week preferably after any effort.

EPM: 10cc Haarlem oil and 30-40 cc Agri-Tonic per day for 10 days

**Harlem Oil** 200ml/20 doses

## Bow Set (for Bowed Tendons)

**WOW!**  
Miracle in a bottle!

I was very skeptical, bought it,  
noticed a big difference in 7 days!  
-Ashley- NY

100% tendon tear, vet said it can't  
be fixed. Horse won't race but is  
now sound! -Jacob Miller-Ohio

Jessie has been using this for 35+ years! He raced horses for many years, got horses off the meat truck, He would buy a horse with a bowed tendon, offer the meat man \$100 for the horse, and 30 days later he would often have the horse on the race track again with this treatment.

**Works different from any other bow liniment, it works by repairing the tendon sheath.**  
Use with Iso Gel. Includes instructions

**Bow set #07505 \$150**

**Iso Gel #07503 \$33**

Val Brinkerhoff, California trainer of Where's My Ring, a Kentucky Oaks runner and top winner of the 2024 Gazelle stake calls Bow set "a Miracle in a bottle".

**Follow instructions - it works! I have all of my horses back and racing at 4 weeks! - Laura C.**

We used to put a horse out to meadow for a year - we now have them back on the track in 1-2 months! - Kelly B.

## Super Green

Wounds, bowed tendons  
Muscles, and more!

Pint	#07548	\$29.50
Half Gal	#07549	\$49.50
Gallon	#07550	\$90.00

**ALMOST LIKE HAVING A VET IN A BOTTLE!**

Brother Jonathan says to use this after a long trip, "just in case".  
Helps prevent lots of small problems. He will spray legs, back, etc.

## Bowed Tendon and Suspensory Support Boots

### Sizing:

Small: 8 1/2" - 9 1/2"

Enhances healing of torn and  
damaged tendons and  
ligaments and bowed tendons.

Reduces swelling and  
inflammation.

GREAT FOR SALE PREPPING!

Does NOT leave a residue.

WILL NOT BLISTER

Used and trusted by  
equine professionals  
in prepping high  
quality sale horses,  
race horses and  
show horses.

### What our customers are saying:

*Since I've been using Limber Max, I've had less joint issues and soundness issues and had a lot less vet work done on my horses. I like Limber Max because it reduces inflammation and swelling in a short time without blistering.*  
- Trainer Ronnie Gillespie

*We spray Limber Max on our horses daily. It keeps them from getting sore and relaxes their muscles. They are much happier! We love your product!*  
- Race Trainer, OH

*We have a mare that has a bowed tendon and we couldn't drive her. We used Limber Max on her for about a week. She is now back on the road. Very pleased.* - OH

*Please send me a case of Limber Max. That is the only way I can keep my horse's ankles from swelling up.* - PA

*I used Limber Max on a horse that had stifle issues and had really good results. I would like to order 2 more quarts.* - OH

*We have an older horse, and his front leg used to swell up really bad if we drove him. We now use Limber Max before we drive him, after we drive him, and twice the next day, and we don't have that problem anymore.*

- PA

Premium Equine Nutrition

# Rhythm™

## Challenging to Train? Failure to Thrive? ...Consider Gut Health!

- \* Promotes intestinal integrity
- \* Supports tight intestinal cell junctions
- \* Buffers stomach acid
- \* Supports immune health

## Advanced Gut Health

Before

After

"Our horse had a bad attitude, not much energy and was very unhappy. After feeding Rhythm, there has been an incredible change in energy, hair coat and overall attitude! Great Product!"

"Before starting rhythm, Tony was anxious and dull. He is now brighter and more relaxed. His coat also is healthier and has a shiny gleam to it. Overall he is a happier and more relaxed horse, both on the ground and under saddle." - Gracie

"After five years we have finally found a product that works. Our horse suffered from gastric ulcers and struggled when being worked. After six weeks the symptoms are all but gone."

"Since starting my yearling on Rhythm, she has improved 150%. She is now growing and no longer pawing at her food. Overall she is happier and healthier."

## Better Health... From the Inside Out

### Rhythm

A pelleted equine supplement promoting gastric buffering and support for foregut and hindgut health. Including seaweed-derived calcium, yeast culture, ButiPEARL® Z EQ and essential oils designed to improve intestinal integrity and reduce the negative impacts of stress. 30lb, 7.5lb

### Super E Oil

An essential fatty acid and natural vitamin E supplement for superior equine performance, enhanced condition and coat shine. 1 gal, 5gal

### Equine Restart

A nutritional microbial supplement designed to support immune health and promote a healthy GI tract. May be used for mares and foals at birth, shipping, metabolic disorders, heat stress, when off feed due to disease, etc. 2.5lb, 80ml Paste

### Pivot

A blend of ingredients including MSM, glucosamine, chondroitin and hyaluronic acid providing nutritional support for joints and connective tissue in a palatable pellet. 30lb, 7.5lb

### Physique

A pelleted supplement containing seaweed-derived calcium and magnesium designed to nutritionally support skeletal structures, muscles, connective tissue and provide gastric buffering. 12lb, 25lb, 50lb

### Extra E

A concentrated source of natural vitamin E when higher levels are required. 5lb

## Advanced Vitamin & Mineral Supplement

# Triple Play®

## Vitality + Gastric Support & Performance

### Nutritionally Supporting...

- Immune & GI Tract Health
- Mare & Stallion Condition
- Weight Gain
- Healthy Hooves & Coat
- Bones & Cartilage
- Overall Conditioning

### Features

- Bio-Available Source of Calcium & Magnesium
- Industry Leading Vitamin & Mineral Technology
- Essential Amino Acids
- Pre & Probiotics

*"Every horse that comes into my barn, I immediately start on Triple Play and every single time in two weeks they break out in the most amazing dapples."*

**Dancing Dreams Vanners**

*"I wanted to let you know that this is the first year that we've not had one retained placenta in our mares. I can only attribute this to the change in mineral. We are very pleased and will spread the word. A competitor's product had always been the gold standard in our draft horse community but Equi-lele Triple Play has already saved us enormously just in uterine flushes and worry. Thank you!"*

**Classic City Clydesdales**

### Triple Play

A comprehensive, advanced vitamin and mineral supplement providing high quality ingredients including seaweed-derived calcium and omega-3 fatty acids to support gastric health, body condition and performance. Designed to support hard keepers, performance horses and breeding stock. 50lb, 25lb, 12lb

### Foal Enhancer

A palatable, milk based transition pellet designed to provide highly digestible energy, protein and nutritional support for foals during the stress of weaning. May also be used as a creep feed to supplement nursing foals or for broodmares and performance horses in need of additional support. 35lb

### Grand Slam

A concentrated pellet providing protein and advanced vitamin and mineral support for easy keepers or horses on forage based diets. Contains KemTRACE® Chromium for improved insulin function, seaweed-derived calcium for gastric support and essential oils for immune support. 32lb

### High Step

A vitamin and mineral supplement designed to meet the needs of easy keepers, pleasure horses and horses without the demands of high performance. High Step™ provides critical vitamins and trace minerals to support a healthy immune system. It also contains essential amino acids to assist with organ growth and repair as well as pre and probiotics to maintain a healthy gastrointestinal tract. 12lb, 25lb, 50lb

### Flaxseed Oil

Cold expeller pressed flaxseed oil provides an excellent source of omega-3 fatty acids, great for balancing diet and controlling allergies. 1gal

### Mighty Lyte

A nutritional electrolyte supplement in paste or powder form designed to promote hydration and replace electrolytes lost in sweat, including added vitamins and minerals for additional support. 3lb, 40ml tube

### Double Play

An advanced vitamin and mineral supplement providing highly bioavailable ingredients including seaweed-derived calcium to support gastric health, growth of bone and cartilage and performance. 25lb, 50lb

## KNEE SPREADERS

### Knee Spreaders

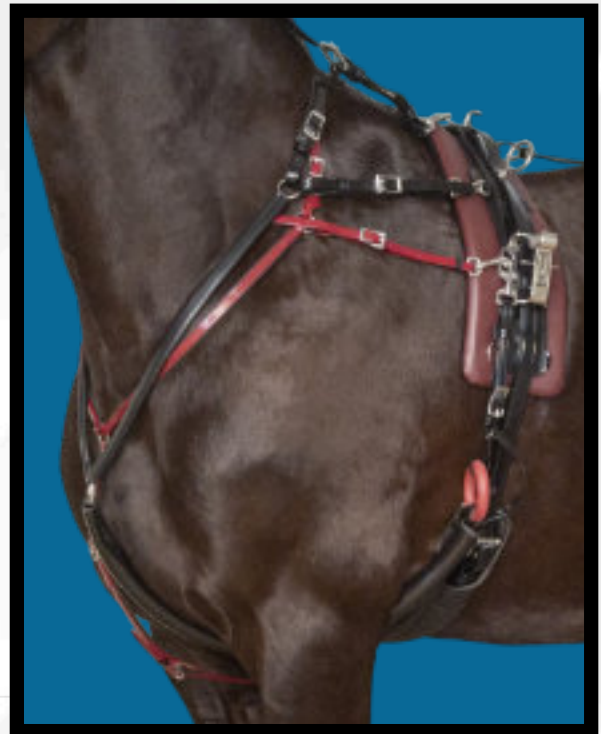

#6670 - Breastcollar	\$170
#66?? - Double leg - Breast Collar	\$244
#6668 - Collar and Hames	\$72

**HOW DOES IT WORK?** Horses hit because their ankle is swinging inwards. This helps their legs swing out. Comes from the Race track world.

### IS YOUR HORSE A "KNEE KNOCKER"?

Buxton style knee spreader helps to widen the horse's gait so they don't hit their knees as hard. Bottom piece goes between the legs and fastens to the shafts or up to the harness.

- Can be used on either side
- Easy to put on and easy to adjust Rubber ring for comfort
- Adjust for your horse's needs.
- Not every horse will have the same results.
- Different models depending on quick hitch, Breastcollar, or collar and hames.

To be used without a Buxton  
Can also be used underneath Driving Breastcollar  
Collar & Hames model starts at bottom of collar.

RIGHT SIDE

The only thing predictable about a horse is that they are unpredictable.

## WORK BREAST COLLARS & NECK STRAPS

### CHECK OUT THIS BREAST COLLAR!!

When a horse gets a collar wound, switch to a breast Collar for a couple of weeks so its wound can heal up or use it on him ALL the time and save your collars. We have one farmer that bought 8. He only uses breast collars. He farms 80 acre and doesn't own one leather collar. These breast collars fit to any chain trace harness, just take the Hames off and hook up the Breast Collar. One size fits all. Can be modified to work with bio or belting traces. You may need to get shorter traces to work with this. Hook on breast needs to be modified + 2 pieces - #21034 (twisted connectors).

#### Complete Breast Collar w/ Neck Strap

Pole Breast Collar	#2361	<b>\$206</b>
Side Breast Collar	#2362	<b>\$180</b>

(Side is without the Dees in front or extra strap around the neck)

#### Breast Collar Only

Pole Breast Collar	#2355	<b>\$156</b>
Side Breast Collar	#2356	<b>\$112</b>

#### Neck Strap Only

Pole Neck Strap	#2358	<b>\$71</b>
Side Neck Strap	#2360	<b>\$67</b>

# DRAFT CART HARNESS

A well built harness with a 5" wide saddle built over a stainless steel tree. Bit and all hardware are stainless steel. Traces are 2" wide with slotted ends. Chain ends are available at an additional cost. Breaching is 3" wide and padded, includes crupper and rein guides. This harness also works for team harness (additional parts needed).

**ALSO AVAILABLE IN OTHER SIZES. COLLARS ARE NOT INCLUDED IN PRICE**

## DRAFT TEAM SETS - FARM & LOGGING STYLE - PARADE STYLE

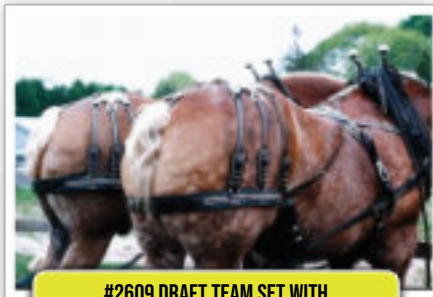

All Team Sets come with stainless bits and stainless steel hardware. Some are priced with chrome plated (CP) heel chains.  
These draft team sets are well built! They have rolled edged padding on crowns, belly bands and breeching for comfort.  
Traces are 5 ply which is strong enough for draft pulling contests. Priced without cruppers.

### ALL NEW ENGLAND DEE RING HARNESSES ARE PRICED WITH THE TWIN YOKES

## TERMS

- All orders must be paid in full before shipment leaves our facilities, unless credit has been approved.
- We accept Master card, Visa, money orders, checks, or cash. Canadian checks, \$15 Bank fee. Credit cards, possible transaction fees.
- Returned checks will be subject to a \$25 fee.
- 
- Any accounts over 90 days past due may be turned over to a collection agency of our choice.

## PREPAID SHIPPING

- If you are mailing your order in with a check you can now add shipping. See mail order form (on page 4).
- Orders placed via phone, fax, or email will be charged standard UPS rates. Does not apply to Gates, Brooms, or any over size box. Within the 48 states, for shipping elsewhere please contact us for a shipping quote.

## SHIPPING

- Unless otherwise requested, domestic shipments via UPS or a local delivery service and international shipments via either DHL or UPS.

## WHOLESALE ACCOUNTS

- Dealers can be listed on our dealer list online at yonies.com upon request.
- Yes, we do sell wholesale and retail from the same facility. For a list of our dealers please visit our website, [www.dealers.yonies.com](http://www.dealers.yonies.com). Or ask your local supplier if they sell Yonies Equipment. Dealers may offer to fit your horse at your location or theirs (added charges may apply)
- Inquiries Welcome, we are always looking to add more dealers.

## RETURNED MERCHANDISE

- All returned merchandise is subject to a 10% restocking charge unless it was our error. You must report shortages and/or overages within 10 days of invoice date or full credit may not be given. All returned merchandise must be accompanied by invoice number and a note requesting exchange or credit. Customer is responsible for all shipping charges. All merchandise returned must be in "as new" condition. We reserve right to refuse returns on custom items.

## CUSTOM MADE/CUSTOM MFG

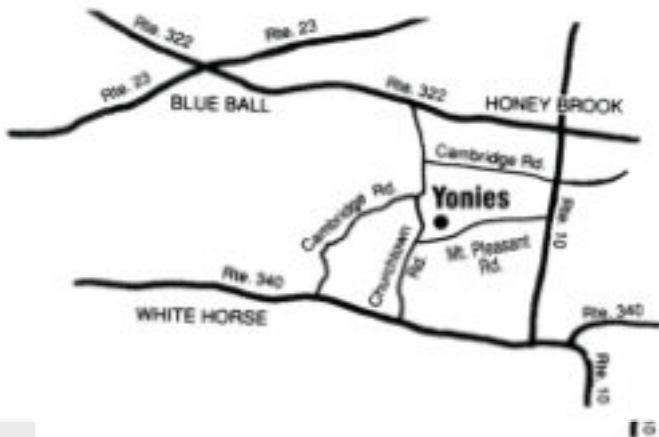

- Custom made products - Cannot be returned unless it was our error.
- We do custom manufacturing for your company as well. Please ask for details and prices.
- Customizing products - There is a surcharge of 20% or \$4 (whichever is more) if we need to customize a part.
-  (made to order) items are made as they are ordered. Custom surcharge applied if custom made outside of normal MTO specs.

## LARGE QUANTITY ORDERS

- Contact us for special pricing on large quantities.

## DISCLAIMER

- All prices in this catalog are subject to change without notice. We are not responsible for incorrect prices or descriptions due to typographical errors.
- Colors and photos shown in catalog may be slightly off due to events beyond our control (photography, print, and slight variations in batches). Ask for samples if you need to perfectly match a certain color. Charges may apply for excessive samples of colors.
- All Yonies products are made with the intention of being the best quality available to man. However, as you are most likely aware by now, horses are strong and powerful animals that can cause the highest quality strap goods to break. Your common sense and commitment are vital to the well being of you, your horse, and those around you. Safe Driving!

4 CONVENIENT WAYS TO ORDER:

**610-273-7370 or 610-403-9241**

Phone calls answered 7AM - 4PM Mon to Fri, If no answer, call back in 20 minutes or leave voicemail.

# COLORS

Our harnesses are made using different materials, getting these colors to match completely is impossible, so we have all our colors below. Harnesses are ordered with Bio Color #'s.

## Bio vs. Beta? Whats the difference?

Bio (Biothane®) and Beta® are made by the same company (Biothane® Coated Webbing) in Ohio. Bio is harder, good for trim and buckle pcs. Beta is softer. Good for lines and against the horse.

	BIO	BETA	NYLON	LEATHER
High Abrasion Resistance	✓			
Lower Abrasion Resistance		✓	✓	✓
Soft To The Touch		✓		✓
Longer Life	✓			
Easy To Clean	✓	✓		
Light Weight & Strong	✓	✓	✓	
Crack Resistant	✓	✓	✓	If oiled

### Bio (Harder)

BLACK BL101  
SILVER SI101  
WHITE WH101  
VIOLET VI101  
GREEN GN101  
LIME GN318  
TURQ TU313  
BLUE BU318  
YELL YE101  
ORAN OR315  
PINK PK311  
RED RD318  
WINE WN101

### Beta (softer)

BLACK BL520  
BROWN BR523  
GRAY GY521  
WHITE WH521  
VIOLET PU521  
GREEN GN522  
LIME GN528  
TEAL TE521  
LIGHT BU521  
ROYAL BU522  
YELLOW YE521  
ORANGE OR522  
PINK PK521  
RED RD522  
WINE WN521

### Beta (Softer)

Easy to clean

Used for lines or against the horse  
Halters

### Bio (Harder)

Easy to clean; wears well.

Used where it might go through metal  
Makes a poppin color for trim.

### Nylon
